WHOLESALE TRADE LIST SPRING 1932

Many of our customers are familiar with the advantages of "Mecklenburg Grown" stock, and if you are not already one of our customers we cordially invite you to visit our nurseries, feeling sure that a trip of inspection through our plant would be both interesting and profitable.

Terms are net cash, or to persons or firms of approved credit we will extend thirty day terms. Boxing charged at cost unless cash accompanies order, in which case boxing is free. Prices are f.o.b. here and apply to wholesale quantities.

SHIPPING SEASON. We can ship at any time during the dormant period, October to April. We have unexcelled shipping facilities.

This list is made up chiefly of surplus items. If you do not see the stock listed that you are interested in, write us as we may be able to supply from our large stock of ornamentals grown for the retail trade.
